

# **C&O Employees Hospital Association (COEHA)**

## **2016 Formulary**

### **(List of Covered Drugs)**

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN**

This formulary was updated on 10/01/2015. For more recent information or other questions, please contact our COEHA Member Services number Monday - Friday 8:30 am to 5:00 pm (EST) at 1-800-679-9135 or for local residents in the Clifton Forge, VA area call 540-862-5728 for additional information or visit [www.coeha.com](http://www.coeha.com). TTY users should call 711. After hours and on weekends please contact Navitus Customer Care at 1-866-270-3877.

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means C&O Employees Hospital Association. When it refers to “plan” or “our plan,” it means C and O Employees’ Hospital Association Medicare Part D Prescription Drug Plan.

This document includes a list of the drugs (formulary) for our plan which is current as of on 10/01/2015. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, premium and/or copayments/coinsurance may change on January 1, 2017.

The COEHA has a contract with the Federal Government to provide our members with an enhanced Medicare Part D Prescription Drug Plan. Enrollment in C and O Employees’ Hospital Association Medicare Part D Prescription Drug Plan depends upon contract renewal.

## **What is the COEHA Formulary?**

A formulary is a list of covered drugs selected by COEHA in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. COEHA will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a COEHA network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## **Can the Formulary (drug list) change?**

Generally, if you are taking a drug on our 2016 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2016 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

The enclosed formulary is current as of 10/01/2015. To get updated information about the drugs covered by COEHA, please contact us. Our contact information appears on the front and back cover pages.

In the event that COEHA has CMS-approved non-maintenance changes to the formulary throughout the plan year (i.e. remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier), COEHA will update our formulary and post in on our website. You will also be notified in writing if you are affected by the changes via errata sheets.

## **How do I use the Formulary?**

There are two ways to find your drug within the formulary:

### **Medical Condition**

The formulary begins on page 7. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Agents-Misc". If you know what your drug is used for, look for the category name in the list that begins 7. Then look under the category name for your drug.

## **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 91. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## **What are generic drugs?**

COEHA covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

## **Are there any restrictions on my coverage?**

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization (PA):** COEHA requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from COEHA before you fill your prescriptions. If you don't get approval, COEHA may not cover the drug.
- **Prior Authorization Restriction for Part B vs Part D Determination (PA BvD):** This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from COEHA to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, COEHA may not cover this drug.
- **Prior Authorization Restriction for New Starts Only (PA NSO):** If you are a new member, you (or your physician) are required to get prior authorization from COEHA before you fill your prescription for this drug. Without prior approval, COEHA may not cover this drug.
- **Quantity Limits:** For certain drugs, COEHA limits the amount of the drug that COEHA will cover. For example, COEHA provides 60 capsules per prescription for Celebrex. This may be in addition to a standard one month or three month supply.
- **Step Therapy:** In some cases, COEHA requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, COEHA may not cover Drug B unless you try Drug A first. If Drug A does not work for you, COEHA will then cover Drug B.
- **Non-Mail-Order Drug (NM):** You may be able to receive greater than a 1-month supply of most of the drugs on your Formulary via mail order at a reduced cost share. Drugs not available via your mail-order benefit are noted with "NM" in the notes column of your Formulary.
- **Limited Distribution (LD):** The symbol (LD) next to a drug name indicates that the drug has been noted as being restricted to certain pharmacies by the Food and Drug Administration. These drugs can only be obtained at specialty designated pharmacies able to appropriately handle the drugs.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 7. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted a document on the website that explains our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask COEHA to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the COEHA’s formulary?” on page 4 for information about how to request an exception.

### **What if my drug is not on the Formulary?**

If your drug is not included in this formulary (list of covered drugs), you should first contact COEHA Member Services and ask if your drug is covered. You can also obtain a list of alternatives or apply for exceptions to coverage rules. For more information, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that COEHA does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by COEHA. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by COEHA.
- You can ask COEHA to make an exception and cover your drug. See below for information about how to request an exception.

### **How do I request an exception to the COEHA Formulary?**

You can ask COEHA to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs COEHA limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, COEHA will only approve your request for an exception if the alternative drugs included on the plan’s formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tiering or utilization restriction exception. **When you request a formulary, tiering or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber’s supporting statement. You can

request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

## **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that is covered or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with 91-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

We will provide a one-time 31-day transition supply per drug, which will cover a temporary supply if you have a change in your medications due to a level-of-care change. A level of care change may include:

- Entering or leaving a LTC facility
- Discharged from a hospital to a home
- End a Medicare Part A skilled nursing facility stay
- Give up Hospice status and revert back to standard Medicare benefits
- End an LTC facility stay and return to their home

During the time when you are getting a temporary supply of a drug, you should talk with your provider to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug.

## **For more information**

For more detailed information about your COEHA prescription drug coverage, please review your Evidence of Coverage and other plan materials. If you have questions about COEHA, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit [www.medicare.gov](http://www.medicare.gov).

## COEHA's Formulary

The formulary that begins on page 7 provides coverage information about the drugs covered by COEHA. If you have trouble finding your drug in the list, turn to the Index that begins on page 91.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., CRESTOR) and generic drugs are listed in lower-case italics (e.g., *atorvastatin calcium*).

The second column of the chart lists the Drug Tier.

- Tier \$0 includes drugs covered at \$0.00 copay
- Tier 1 includes Covered Generic Drugs
- Tier 2 includes Preferred Brand Drugs
- Tier 3 includes Non-Preferred Brand Drugs
- Tier M includes products only covered by the plan's Medicare Coverage. These products are not covered by the plan's Supplemental Wrap Coverage.

The information in the Requirements/Limits column tells you if COEHA has any special requirements for coverage of your drug.

- The symbol **LD** in the Notes column next to a drug name indicates that the drug has been noted as being restricted to certain pharmacies by the Food and Drug Administration. These drugs can only be obtained at specialty designated pharmacies able to appropriately handle the drugs.
- The symbol **PA** in the Notes column indicates that prior authorization may apply.
- The symbol **PA BvD** in the Notes column indicates that prior authorization may apply for medications that could be eligible for payment under either Medicare Part B or Part D.
- The symbol **PA NSO** in the Notes column indicates that prior authorization may apply on certain medications for new members of the plan.
- The symbol **QL** in the Notes column indicates that quantities dispensed may be limited.
- The symbol **ST** in the Notes column indicates that step therapy may apply.
- The symbol **NM** in the Notes column indicates that the drug is not available via your mail-order benefit.

The \* symbol after the tier indicates that the drug is covered by the plan's supplemental wrap coverage only. Payments for these drugs do not count toward your Medicare Part D "out-of-pocket costs" or your "total drug costs" because they are for drugs that are not generally covered by Medicare. In addition, if you are receiving extra help to pay for your prescriptions through a program like Low Income Subsidy (LIS), you will not get any extra help to pay for this drug.

## Index of Drugs

This formulary was updated on 10/01/2015. For more recent information or other questions, please contact our COEHA Member Services number Monday - Friday 8:30 am to 5:00 pm (EST) at 1-800-679-9135 or for local residents in the Clifton Forge, VA area call 540-862-5728 for additional information or visit [www.coeha.com](http://www.coeha.com). TTY users should call 711. After hours and on weekends please contact Navitus Customer Care at 1-866-270-3877.
