

**C&O Employees' Hospital Association (PDP)**  
**2017 Comprehensive Formulary**  
**List of Covered Drugs)**

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION  
ABOUT THE DRUGS WE COVER IN THIS PLAN**

HPMS Approved Formulary File Submission ID 00017457, Version Number 11

This formulary was updated on 07/01/2017. For more recent information or other questions, please contact C&O Employees' Hospital Association (PDP) Customer Services, at 800-679-9135 or 540-862-5728 (local) or, 711 for TTY users. We are available from 8:30 am to 5:00 pm, Monday thru Friday. You can also visit our website at <http://coeha.com/>.

This Formulary Drug List was updated on 07/01/2017.

The COEHA has a contract with the Federal Government to provide our members with an enhanced Medicare Part D Prescription Drug Plan. Enrollment in C and O Employees' Hospital Association Medicare Part D Prescription Drug Plan depends upon contract renewal.

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means C&O Employees’ Hospital Association (PDP). When it refers to “plan” or “our plan,” it means C&O Employees’ Hospital Association (PDP).

This document includes a list of the drugs (formulary) for our plan which is current as 07/01/2017. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2018, and from time to time during the year.

## **What is the C&O Employees’ Hospital Association (PDP) Formulary?**

A formulary is a list of covered drugs selected by C&O Employees’ Hospital Association (PDP) in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. C&O Employees’ Hospital Association (PDP) will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a C&O Employees’ Hospital Association (PDP) network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## **Can the Formulary (drug list) change?**

Generally, if you are taking a drug on our 2017 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2017 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug. The enclosed formulary is current as of 07/01/2017. To get updated information about the drugs covered by C&O Employees’ Hospital Association (PDP), please contact us. Our contact information appears on the front and back cover pages.

## How do I use the Formulary?

There are two ways to find your drug within the formulary:

### Medical Condition

The formulary begins on page 7. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents-Misc”. If you know what your drug is used for, look for the category name in the list that begins on page 7. Then look under the category name for your drug.

### Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 141. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## What are generic drugs?

C&O Employees’ Hospital Association (PDP) covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** C&O Employees’ Hospital Association (PDP) requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from C&O Employees’ Hospital Association (PDP) before you fill your prescriptions. If you don’t get approval, C&O Employees’ Hospital Association (PDP) may not cover the drug.
- **Prior Authorization Restriction for Part B vs Part D Determination (PA BvD):** This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from C&O Employees’ Hospital Association (PDP) to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, C&O Employees’ Hospital Association (PDP) may not cover this drug.
- **Prior Authorization Restriction for New Starts Only (PA NSO):** If you are a new member, you (or your physician) are required to get prior authorization from C&O Employees’ Hospital Association (PDP) before you fill your prescription for this drug. Without prior approval, C&O Employees’ Hospital Association (PDP) may not cover this drug.

- **Quantity Limits:** For certain drugs, C&O Employees' Hospital Association (PDP) limits the amount of the drug that C&O Employees' Hospital Association (PDP) will cover. For example, C&O Employees' Hospital Association (PDP) provides 60 capsules per prescription for Celebrex. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, C&O Employees' Hospital Association (PDP) requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, C&O Employees' Hospital Association (PDP) may not cover Drug B unless you try Drug A first. If Drug A does not work for you, C&O Employees' Hospital Association (PDP) will then cover Drug B.
- **Non-Mail-Order Drug (NM):** You may be able to receive greater than a 1-month supply of most of the drugs on your Formulary via mail order at a reduced cost share. Drugs not available via your mail-order benefit are noted with "NM" in the notes column of your Formulary.
- **Limited Distribution (LD):** The symbol (LD) next to a drug name indicates that the drug has been noted as being restricted to certain pharmacies by the Food and Drug Administration. These drugs can only be obtained at specialty designated pharmacies able to appropriately handle the drugs.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 7. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted documents on our website that explain our prior authorization restriction and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask C&O Employees' Hospital Association (PDP) to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the C&O Employees' Hospital Association (PDP) formulary?" on page 5 for information about how to request an exception.

## **What if my drug is not on the Formulary?**

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that C&O Employees' Hospital Association (PDP) does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by C&O Employees' Hospital Association (PDP). When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by C&O Employees' Hospital Association (PDP).
- You can ask C&O Employees' Hospital Association (PDP) to make an exception and cover your drug. See below for information about how to request an exception.

## **How do I request an exception to the C&O Employees' Hospital Association (PDP) Formulary?**

You can ask C&O Employees' Hospital Association (PDP) to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, C&O Employees' Hospital Association (PDP) limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, C&O Employees' Hospital Association (PDP) will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

## **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with 98-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your

drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

### **Level of Care Changes**

C&O Employees' Hospital Association (PDP) level of care transition process accounts for unplanned changes for members. In some instances, these changes may result in the prescribed drug regimen(s) not being available on our formulary. These instances usually occur when a member moves from one treatment setting to another. This could include members who:

- Enter long-term care (LTC) facilities with a discharge list of medications from the hospital with very short-term planning taken into account (e.g., less than 8 hours)
- Are discharged from a hospital to a home with very short-term planning taken into account
- End their skilled nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who need to go back to their Part D plan formulary
- Give up hospice status to revert to standard Medicare Part A and Part B benefits
- End an LTC facility stay and return to their home
- Are discharged from psychiatric hospitals with drug regimens that are highly tailored to them.

These changes often result in members and/or prescribers using C&O Employees' Hospital Association (PDP) exceptions and/or appeals processes. For these types of changes, we will make coverage determinations and re-determinations as quickly as the member's health requires.

C&O Employees' Hospital Association (PDP) ensures proper medication continuance for members upon discharge from an LTC facility or other facilities to ensure an effective transition of care. This may include:

- A refill upon entrance to, or discharge from, an LTC facility. The current standard of care promotes caregivers receiving outpatient Part D prescriptions before discharge from a Part A stay. Members, through no fault of their own, may not have access to the balance of their prescription.
- C&O Employees' Hospital Association (PDP) allows the member to access a refill upon entrance to, or discharge from, an LTC facility.

To process these transition refills, the pharmacy may need to call C&O Employees' Hospital Association (PDP) Customer Care (phone numbers are on the back cover of this booklet). C&O Employees' Hospital Association (PDP) Customer Care can help the pharmacy process an override.

### **For more information**

For more detailed information about your C&O Employees' Hospital Association (PDP) prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about C&O Employees' Hospital Association (PDP), please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

## **C&O Employees' Hospital Association (PDP) Formulary**

The formulary that begins on the next page provides coverage information about the drugs covered by C&O Employees' Hospital Association (PDP). If you have trouble finding your drug in the list, turn to the Index that begins on page 141.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., CRESTOR) and generic drugs are listed in lower-case italics (e.g., *atorvastatin calcium*).

The information in the Requirements/Limits column tells you if C&O Employees' Hospital Association (PDP) has any special requirements for coverage of your drug.

*C and O Employees' Hospital Association is required by federal law to provide the following information.*

**Non-Discrimination Statement:**

C and O Employees' Hospital Association complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex. C and O Employees' Hospital Association does not exclude people or treat them differently because of race, color, national origin, age, disability or sex. C and O Employees' Hospital Association provides free aids and services to people with disabilities to communicate effectively with us, such as: qualified sign language interpreters and written information in other formats (large print, audio, accessible electronic formats, other formats). C and O Employees' Hospital Association provides free language services to people whose primary language is not English such as: qualified interpreters and information written in other languages. If you need these services, contact the C and O Employees' Hospital Association Customer Care Center at 800-679-9135. If you believe that C and O Employees' Hospital Association has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance. If you need help filing a grievance, COEHA Grievance and Appeals is available to help you. You can file a grievance in person or by mail, fax, or email:
